

**SCHEDULE 6 TO  
PROTOCOL FOR THE COVID-19 VACCINE FACILITY NO-FAULT COMPENSATION SCHEME**

**ILLUSTRATION OF REPORTING PERIOD  
UNDER THE COVID-19 VACCINE FACILITY NO-FAULT COMPENSATION SCHEME<sup>1</sup>**

**Start of Reporting  
Period<sup>2</sup>:**

**Date Vaccine is  
first put into  
circulation**

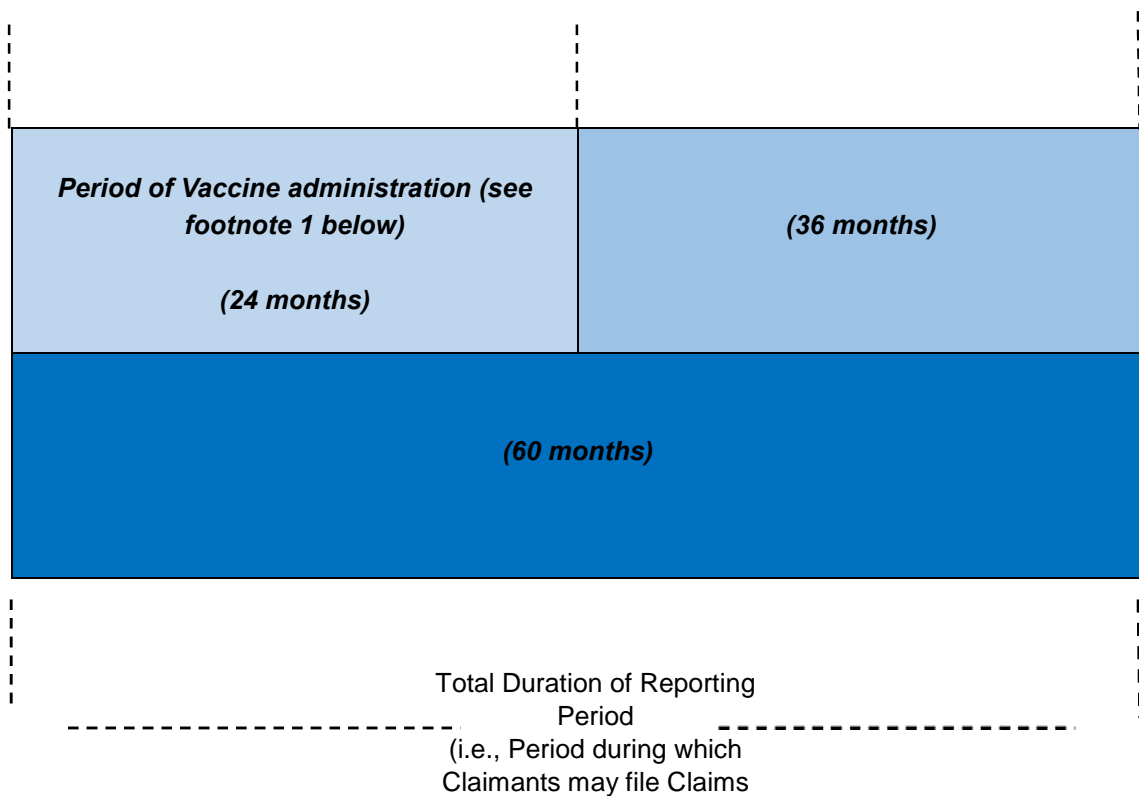

*(See Schedule 1 to  
the Protocol)*

**Vaccine's "Scope of  
Coverage Endpoint"**

*(See Schedule 1 to  
the Protocol)*

**End of Reporting  
Period**

*(See Schedule 1 to  
the Protocol)*

<sup>1</sup> Version dated 24 March 2022.

<sup>2</sup> NOTE: A Vaccine must be administered to the Patient before the end of the first 24 months period. A Claim in respect of a Vaccine administered **after** this first 24 months period will **not** be receivable for compensation under the Scheme.

For each Patient, the Reporting Period depends on the date the Vaccine was administered to the Patient. To calculate the Reporting Period that applies to the Patient, the Patient (or the person who is a duly authorised to represent the Patient) needs to:

1. Determine (through Schedule 1 to the Protocol) what is the date of the Scope of Coverage End Point that applies to the Vaccine that was administered to Patient; and
2. Calculate the number of months and days from the vaccination date (i.e. date that the Vaccine was administered to the Patient) until the date of the Vaccine's Scope of Coverage End Point, and add another 36 months. This establishes the Reporting Period that applies to the Patient.
